

Leave the Do Not Call law in NJ alone! It is SO nice not to be hounded by unwanted telemarketers 24/7! Since I signed up for the Do Not Call my unwanted calls have fallen off dramatically. It was getting ridiculous with the junk calls--early in the morning, late at night, even on Sundays! You know the old saying--if it ain't broke, don't fix it. Go put some energy in other things that need fixing and don't mess with the Do Not Call law!!!!
